

Sample Name: Poly(2-vinyl pyrazine)

Sample #: P43366-2VPyr

Structure:

Composition:

Mn X 10-3	PDI
13.0	4.0
Color: Off white	
Tg: 39 °C	

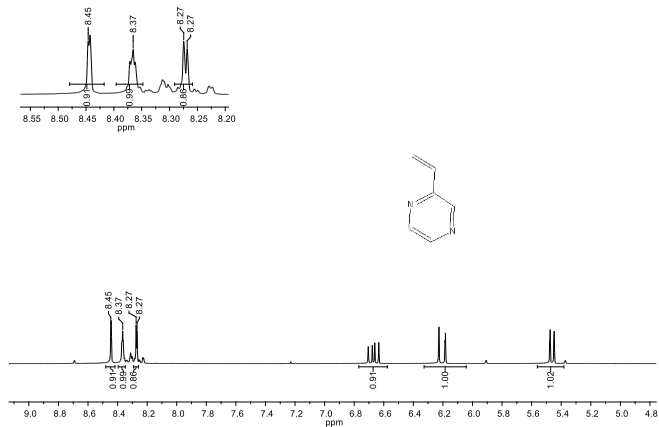

Synthesis Procedure:

The polymer was synthesized by anionic polymerization process.

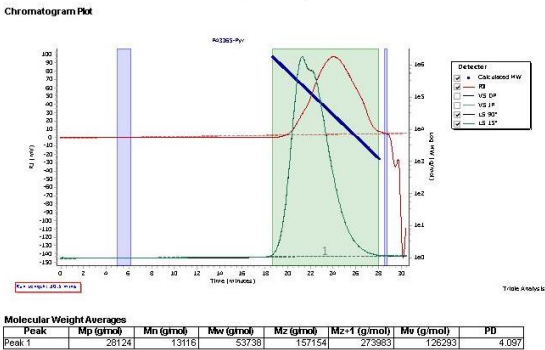

Characterization:

The product was characterized by size exclusion chromatography (SEC) and ¹H NMR and DSC data analysis.

¹H NMR spectrum of the monomer:

SEC elugram of the polymer:

DSC thermogram of the Polymer:
