

# Safety Data Sheet

Version 7.0  
Revision Date: 17/09/2020

## 1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

|                          |                                                                    |
|--------------------------|--------------------------------------------------------------------|
| Product name:            | <b>Poly(styrene)-graft-poly(dimethylsiloxane)</b>                  |
| Product abbreviation:    | SDMScomb                                                           |
| Product use:             | For laboratory research purposes.                                  |
| Supplier / Manufacturer: | Polymer Source, Inc.                                               |
| Address:                 | 124 Avro street, Dorval (Montreal), Quebec H9P 2X8, Canada         |
| Telephone:               | (+1) 514-421-5517                                                  |
| Toll free:               | 1-866-422-9842                                                     |
| Fax:                     | (+1) 514-421-5518                                                  |
| Emergency phone:         | (+1) 514-887-5517                                                  |
| E-mail:                  | <a href="mailto:info@polymersource.com">info@polymersource.com</a> |

## 2. HAZARDS IDENTIFICATION

|                     |                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|---------------------|---------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Emergency overview: | WHMIS classification:                                   | Not rated.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|                     | GHS classification:                                     | Skin corrosion / irritation (Category 3).<br>Serious eye damage / eye irritation (Category 2B).<br>Acute aquatic toxicity (Category 2).<br>Chronic aquatic toxicity (Category 2).                                                                                                                                                                                                                                                                                                                                                  |
|                     | GHS Label elements, including precautionary statements: |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|                     | Pictogram:                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|                     | Signal word:                                            | Warning                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
|                     | Hazard statements:                                      | H316. Causes mild skin irritation.<br>H320. Causes eye irritation.<br>H411. Toxic to aquatic life with long lasting effect.                                                                                                                                                                                                                                                                                                                                                                                                        |
|                     | Precautionary statements:                               | P264. Wash skin thoroughly after handling.<br>P273. Avoid release to the environment.<br>P305 + P351 + P338.<br><i>If in eyes:</i> Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.<br>P332 + P313. <i>If skin irritation occurs:</i> Get medical advice/ attention.<br>P337 + P313. <i>If eye irritation persists:</i> Get medical advice/ attention.<br>P391. Collect spillage.<br>P501. Dispose of contents/ container to an approved waste disposal plant. |

|                           |                   |                                                                     |
|---------------------------|-------------------|---------------------------------------------------------------------|
| HMIS classification:      | Health hazard:    | 0                                                                   |
|                           | Flammability:     | 1                                                                   |
|                           | Physical hazards: | 0                                                                   |
| Potential health effects: | Inhalation:       | May be harmful if inhaled. May cause respiratory tract irritation.  |
|                           | Skin:             | May be harmful if absorbed through skin. May cause skin irritation. |
|                           | Eyes:             | May cause eye irritation.                                           |
|                           | Ingestion:        | May be harmful if swallowed.                                        |

### 3. COMPOSITION / INFORMATION ON INGREDIENTS

---

|                |                                                |                 |
|----------------|------------------------------------------------|-----------------|
| Formula:       | Polystyrene:                                   | $[C_8H_8]_p$    |
|                | Polydimethylsiloxane:                          | $[C_2H_6OSi]_m$ |
| Concentration: | $\leq 100\%$                                   |                 |
| CAS number:    | Poly(styrene- <i>graft</i> -dimethylsiloxane): | n/a             |
|                | Polystyrene:                                   | 9003-53-6       |
|                | Polydimethylsiloxane:                          | 63148-62-9      |

### 4. FIRST AID MEASURES

---

|                          |                                                                                                                 |
|--------------------------|-----------------------------------------------------------------------------------------------------------------|
| General advice:          | Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.       |
| If inhaled:              | If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician. |
| In case of skin contact: | Wash off with soap and plenty of water. Consult a physician.                                                    |
| In case of eye contact:  | Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.                          |
| If swallowed:            | Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.             |

### 5. FIRE-FIGHTING MEASURES

---

|                                                |                                                                                               |
|------------------------------------------------|-----------------------------------------------------------------------------------------------|
| Conditions of flammability:                    | Not flammable or combustible.                                                                 |
| Suitable extinguishing media:                  | Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.                      |
| Special protective equipment for firefighters: | Wear self contained breathing apparatus for firefighting if necessary.                        |
| Hazardous combustion products:                 | Hazardous decomposition products formed under fire conditions: Carbon oxides, Silicon oxides. |
| Explosion data:                                | Sensitivity to mechanical impact: no data available                                           |
|                                                | Sensitivity to static discharge: no data available                                            |

## 6. ACCIDENTAL RELEASE MEASURES

---

|                                                        |                                                                                                                                                   |
|--------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Personal precautions:                                  | Use personal protective equipment. Avoid dust formation. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Avoid breathing dust. |
| Environmental precautions:                             | Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into the environment must be avoided.            |
| Methods and materials for containment and cleaning up: | Soak up with inert absorbent material and dispose of as hazardous waste. Keep in suitable, closed containers for disposal.                        |

## 7. HANDLING AND STORAGE

---

|                                |                                                                                                                                                 |
|--------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Precautions for safe handling: | Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Provide appropriate exhaust ventilation at places where dust is formed. |
| Conditions for safe storage:   | Keep container tightly closed in a dry and well-ventilated place.                                                                               |

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

---

Personal protective equipment:

- Respiratory protection: Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).
- Hand protection: Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.
- Eye protection: Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).
- Skin and body protection: Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.
- Hygiene measures: General industrial hygiene practice.
- Specific engineering controls: Use mechanical exhaust or laboratory fumehood to avoid exposure.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

---

|              |                                 |                   |
|--------------|---------------------------------|-------------------|
| Appearance:  | Form:                           | no data available |
|              | Colour:                         | no data available |
| Safety data: | pH:                             | no data available |
|              | Melting point / Freezing point: | no data available |
|              | Boling point:                   | no data available |

|                                         |                   |
|-----------------------------------------|-------------------|
| Flash point:                            | no data available |
| Ignition temperature:                   | no data available |
| Auto-ignition temperature:              | no data available |
| Lower explosion limit:                  | no data available |
| Upper explosion limit:                  | no data available |
| Vapour pressure:                        | no data available |
| Density:                                | no data available |
| Water solubility:                       | no data available |
| Partition coefficient: n-octanol/water: | no data available |
| Relative vapour density:                | no data available |
| Odour:                                  | no data available |
| Odour threshold:                        | no data available |
| Evaporation rate:                       | no data available |

## 10. STABILITY AND REACTIVITY

---

|                                     |                                                                                                                                                      |
|-------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| Chemical stability:                 | Stable under recommended storage conditions.                                                                                                         |
| Possibility of hazardous reactions: | no data available                                                                                                                                    |
| Conditions to avoid:                | no data available                                                                                                                                    |
| Materials to avoid:                 | Strong oxidizing agents. Strong acids.                                                                                                               |
| Hazardous decomposition products:   | Hazardous decomposition products formed under fire conditions:<br>Carbon oxides, Silicon oxides.<br>Other decomposition products: no data available. |

## 11. TOXICOLOGICAL INFORMATION

---

|                                    |                                      |                                                                                                                                                         |
|------------------------------------|--------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acute toxicity:                    | Oral LD50:                           | no data available                                                                                                                                       |
|                                    | Inhalation LC50:                     | no data available                                                                                                                                       |
|                                    | Dermal LD50:                         | no data available                                                                                                                                       |
|                                    | Other information on acute toxicity: | no data available                                                                                                                                       |
| Skin corrosion/irritation:         | no data available                    |                                                                                                                                                         |
| Serious eye damage/eye irritation: | no data available                    |                                                                                                                                                         |
| Respiratory or skin sensitization: | no data available                    |                                                                                                                                                         |
| Germ cell mutagenicity:            | no data available                    |                                                                                                                                                         |
| Carcinogenicity:                   | IARC:                                | No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC. |
|                                    | ACGIH:                               | No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.            |

|                                 |                                                                                                                           |                                                                        |
|---------------------------------|---------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------|
| Reproductive toxicity:          | no data available                                                                                                         |                                                                        |
| Teratogenicity:                 | no data available                                                                                                         |                                                                        |
| Specific target organ toxicity: | Single exposure (GHS):                                                                                                    | no data available                                                      |
|                                 | Repeated exposure (GHS):                                                                                                  | no data available                                                      |
| Aspiration hazard:              | no data available                                                                                                         |                                                                        |
| Potential health effects:       | Inhalation:                                                                                                               | May be harmful if inhaled.<br>May cause respiratory tract irritation.  |
|                                 | Ingestion:                                                                                                                | May be harmful if swallowed.                                           |
|                                 | Skin:                                                                                                                     | May be harmful if absorbed through skin.<br>May cause skin irritation. |
|                                 | Eyes:                                                                                                                     | May cause eye irritation.                                              |
| Signs and symptoms of exposure: | To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated. |                                                                        |
| Synergistic effects:            | no data available                                                                                                         |                                                                        |
| Additional information:         | RTECS:                                                                                                                    | no data available                                                      |

## **12. ECOLOGICAL INFORMATION**

---

|                                |                    |
|--------------------------------|--------------------|
| Toxicity:                      | no data available  |
| Persistence and degradability: | no data available. |
| Bioaccumulative potential:     | no data available  |
| Mobility in soil:              | no data available  |
| PBT and vPvB assessment:       | no data available  |
| Other adverse effects:         | no data available  |

## **13. DISPOSAL CONSIDERATIONS**

---

|                         |                                                                            |
|-------------------------|----------------------------------------------------------------------------|
| Product:                | Offer surplus and non-recyclable solutions to a licensed disposal company. |
| Contaminated packaging: | Dispose of as unused product.                                              |

## **14. TRANSPORT INFORMATION**

---

|           |                      |
|-----------|----------------------|
| DOT (US): | Not dangerous goods. |
| IMDG:     | Not dangerous goods. |
| IATA:     | Not dangerous goods. |

## **15. REGULATORY INFORMATION**

---

WHMIS classification: Not WHMIS controlled.

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations and the MSDS contains all the information required by the Controlled Products Regulations.

## 16. OTHER INFORMATION

---

Date of the latest revision: 17 September 2020

Further information: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide.
