

Sample Name: Deuterated Ethylene-d6 glycol

Sample #: D6EG

Lot#: P70071

Structure:

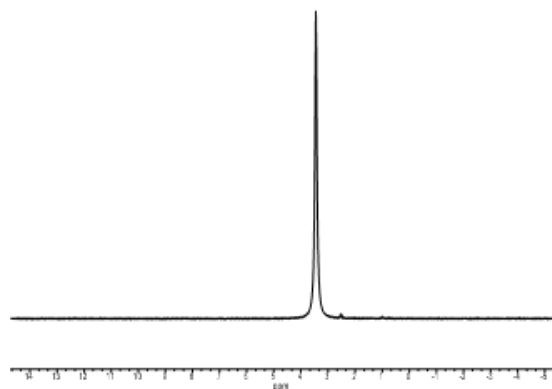

Characterization:

M.W	66.09 (For fully enriched product)
CAS number	15054-86-1
Chemical Purity	>98%
D atom%	98%
Storage:	at room temperature airtight bottle

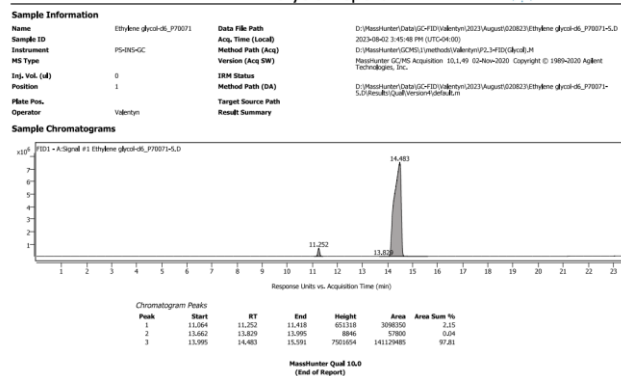

Synthesis:

The product was synthesized from Deuterated Ethylene Oxide monomer.

DNMR spectrum of the product:
