

Sample Name:

Penta(propylene glycol) methacrylate

Alternate Name:

Oligo(propylene glycol) methacrylate

Sample # **P18594-PGMA**

Molecular weight (g/mol):	$M_n = 375$
---------------------------	-------------

Characterization:

Functionality and molecular weight of the polymer were determined by ¹H NMR spectroscopy.

¹H NMR spectrum:

¹H NMR (500 MHz; CDCl₃) of P18594
